REV. XENOPHON

RYLAND READ

Venerable Presbyterian Preacher and Prominent Mason Succumbs to Pneumonia.

Rev. Xenophon Ryland, a Presbyterian preacher and prominent Mason, died at 11:15 o'clock Friday night, at his home in Higginsville, after an illness of ten days with pneumonia.

The deceased was born on the old Ryland homestead near Lexington, June 1, 1844, and was in his 78th year. He was formerly probate judge of Lafayette County. He was prominent in Masonic circles and was Past Grand Master of the Masonic Lodge of Missouri and Past Grand High Priest of the Royal Arch Chapter of Masons of Missouri.

Mr. Ryland was twice married. His first wife was Carrie Foster For, to whom he was married January 31, 1866. Seven children were born of this union, six of whom survive, one son and five daughters. He married his second wife, Effie Lee Mason, January 22, 1907.

The funeral services were held at the Presbyterian church in this city Tuesday afternoon at 2:30 o'clock. The services were conducted by Dr. E. C. Gordon of St. Louis, and burial at the grave was in charge of the officers of the Grand Lodge of Masons.

GOLDEN RULE SALE

A SUCCESS

First "Sales Day" Drew People From All Over County.

The "Neosho Plan" given its first tryout Monday by Lexington Merchants is reported to have been very satisfactory. In most cases the articles offered for sale were sold out, and the sale of other articles stimulated to an appreciable extent.

This Sales Day will be held on the first Monday of each month. The articles offered will be of known value at a reduced price. There will be no fakes, as a committee will pass upon every item offered for sale, and if any are not above suspicion they will be rejected and the merchant so informed that he may "come across" or denied a place in the sale.

These sales mean a saving on every article offered, with no ifs or ands appended. Watch out for them.

Avoid chilly rooms in the morning by using Cole's Hot Blast Heaters. They prevent colds and sickness.

Mr. and Mrs. L. R. Meyers and little daughter left Friday afternoon by auto for an extended visit with friends and relatives in Southern Kansas.

HAD A FAIR

Exhibits Surprised Everyone in Variety And Quality.

WILL REPEAT NEXT YEAR

Maple Glen School Won First Prize And Locust Grove Second.

The possibility of a fair or even a presentable exhibition of farm products, was unthought of until about a month and a half ago when the matter was brought up in the Chamber of Commerce and the Production Division was told to "go to it." Claude F. Pack, chairman of this division, took matters in hand and with the assistance of members of his committee brought the matter to a definite and successful conclusion on Friday and Saturday of last week.

The farmers were as much unprepared for the undertaking as Mr. Pack and his committee, but a hearty co-operation developed everywhere and when the exhibits were all placed it was found to be a very fine display. Most everything produced on the farm was shown together with knitting, embroidery, sewing and what not. William Coen added to the variety of Lafayette county's productiveness by exhibiting two large lemons grown upon his own trees.

The apple display especially that of the Locust Grove school would hold its own in any show. The competition among the schools was keen. The judges in arriving at a decision considered first, artistic appearance; second, the number of varieties exhibited; third, quality of the exhibit, and fourth, the number of red and blue ribbons won. All were finally eliminated but Locust Grove, Maple Glen, Hazel Hill, and Marshall. From these four they chose Maple Glen first and Locust Grove, second.

Following is a list of awards: Best all around exhibit by any school district \$50—1st, Maple Glen; 2nd, Locust Grove.

Public School Notes.

The physical examination of the school children has been completed at the Arnold school and is now in progress at the high school. The work is being carried on by Mrs. J. W. Bills, local doctors, the school nurse and the teachers. Doctors Asbury, Chalkley, Cope, Fredendall O'Bryant, Payne and Ryland are generously giving their time to the project. Dr. Ball has promised to give the examination at the Douglass school.

A summary of the results of the examination thus far clearly shows the urgent need of the health program. Of the 400 children examined at the Arnold school, 106 had enlarged tonsils; 8, adenoids; 6, defective vision; 2, heart disease; 7, skin and scalp eruption; 4, trachoma; 30, trachoma suspected.

The report of the Superintendent to the Board of Education for the month of September shows an enrollment of 1082 pupils as compared with a total of 1095 last year, an average attendance of 980 pupils, 611 pupils neither tardy nor absent and an attendance of 96.5 per cent. The best attendance for month was made by the high school.

Parents are urged to co-operate with teachers in impressing upon pupils the importance of regular attendance. Pupils should understand that the only legitimate excuse for being out of school is sickness. They should know that school, to them, is a business. In the business world men and women must be on time.

If the pupil has been absent as much as three days of the school month of twenty days, he has missed fifteen per cent of his work. Unless he makes up the lost work, he could not expect to get a rating for the month of more than eighty-five per cent in any subject even though the daily record were perfect. Not

only is the loss of time detrimental to the pupils but it may delay the progress of the other members of the class. When a number of the class have been out of school, re-tracing lessons is a frequent necessity on the part of the teacher and a clear loss of time.

Dr. E. L. Hendrick, President of the Central Missouri State Teachers College, will address the Lexington teachers at the general teachers' meeting to be held at the high school building on Saturday morning, October 9, at ten o'clock. A cordial invitation is extended to any one who wishes to attend the lecture.
